10:15-11:00

SCALING UP REPAIR IN CITIES

city repair toolkit

material available for cities
to support, promote & facilitate repair
each city is different

connect with the local repair community & work together

invest in **digital tools** to help scale up repair & guide citizens towards repair solutions

repair scores, fiscal measures & eco-design measures
stimulate repair & strengthen local economies

prioritize affordability of repair & more horizontal approaches
for a wide range of products
ambitious & vigorous policy making
make repair the norm

11:00-12:00

15:30-16:10

POLICY MONITORING & INFLUENCING

campaigning & challenges
political perspectives

 power of data as engine for change call to action: log & share **repair data**
support for **high level data platforms**
3 cities / regions to join project call

SCALING UP REPAIR
FUTURE PERSPECTIVES

13:15-14:15

 power of **new business models**
as engine for change call to action for **experiments**
by stakeholders

14:15 – 15:00

STRENGTHENING REPAIR IN THE REPAIR COMMUNITY

digital tools & practices

importance of

repair community volunteers

in guiding & motivating citizens towards repair
+ data collection for policy influencing

but transition to repair economy
can't depend only on volunteers

call to action @ other stakeholders

cities, manufacturers, retailers, researchers, professional repairers, politicians

+ structured & **funded framework** to support repair community volunteers
